

Anissa is so excited to play the piano. She started lessons 2 months ago and loves playing on our keyboard connected to the computer. But what she really loves is playing on a real piano. We got a piano from the neighbor down the road (It was free. It had been in their garage for a year and they just wanted it out.) and she loves sitting in the garage playing it even if it's cold out there. I need to make a ramp to roll it up into our house one of these days and then get 4 strong people to help us lug it in.

Anissa recorded two Christmas songs for our Christmas website. You can download the MP3 versions by right-clicking the links below and selecting, "download to disk" or "save to disk".

Anissa playing, "The Snow Lay on the Ground" Anissa playing, "We Three Kings"
